This accomplishment has been made possible largely by the club's membership in the Collegiate Academy of the North Carolina Academy of Science (CANCAS), which sponsors lectures given by the foremost scientists of the state's universities. Regular meetings are highlighted by student talks on topics related to their particular interests.

To produce a better yearbook was the aim of the 1966-1967 CARILLON staff. Members were chosen on the basis of qualifications and past experience. Individuals were assigned to cover various phases of college life and particular sections in the book. Four deadlines were set by the publishers of the staff to meet. In meeting these, the staff uncovered new ideas in obscure places and at unnoticed times, and it became aware of the consistence of PROGRESS in past history and recent events on campus. Captured herein are occasions and movements never to fade—frozen in these pages through much work, the product of the dedication of a few . . . for the remembrance of many.

The Monarchs finished in second place in the conference this year with a record of 8-4 and 8-10 overall. Neither record accurately evaluates the year's efforts, and perhaps one will have to wait until another year to see scores which will tell the true story. Nevertheless, there were many moments of excitement, a few of which are pictured in the following pages.

Class of 1968
August 16, 1945—May 11, 1966

"No man is an island, entire of itself; every man is a piece of the continent, a part of the main: if a clod he washed away by the sea, Europe is the less, as well as if a promontory were, as well as if a manor of thy friend's or of thine own were; any man's death diminished me, because I am involved in Mankind; and therefore never send to know for whom the bell tolls; it tolls for thee."

—John Donne

It's been a long, hard job, but we've had some wonderful help in the production of this book. I feel that this is the best CARILLON ever. The book is a great satisfaction to me, and I hope to the remainder of the student body.

Sincerely,

William B. Church, III

Co-editor

Without becoming romantically sentimental, but hesitating for a moment from the pursuit of helping produce the CARILLON, I would like to express my deepest appreciation to the staff, who have made my year as Co-editor a most enriching experience by teaching me the true value of working and understanding people.

Thanks,

Wesley C. Guthrie
Co-editor
